

● Web

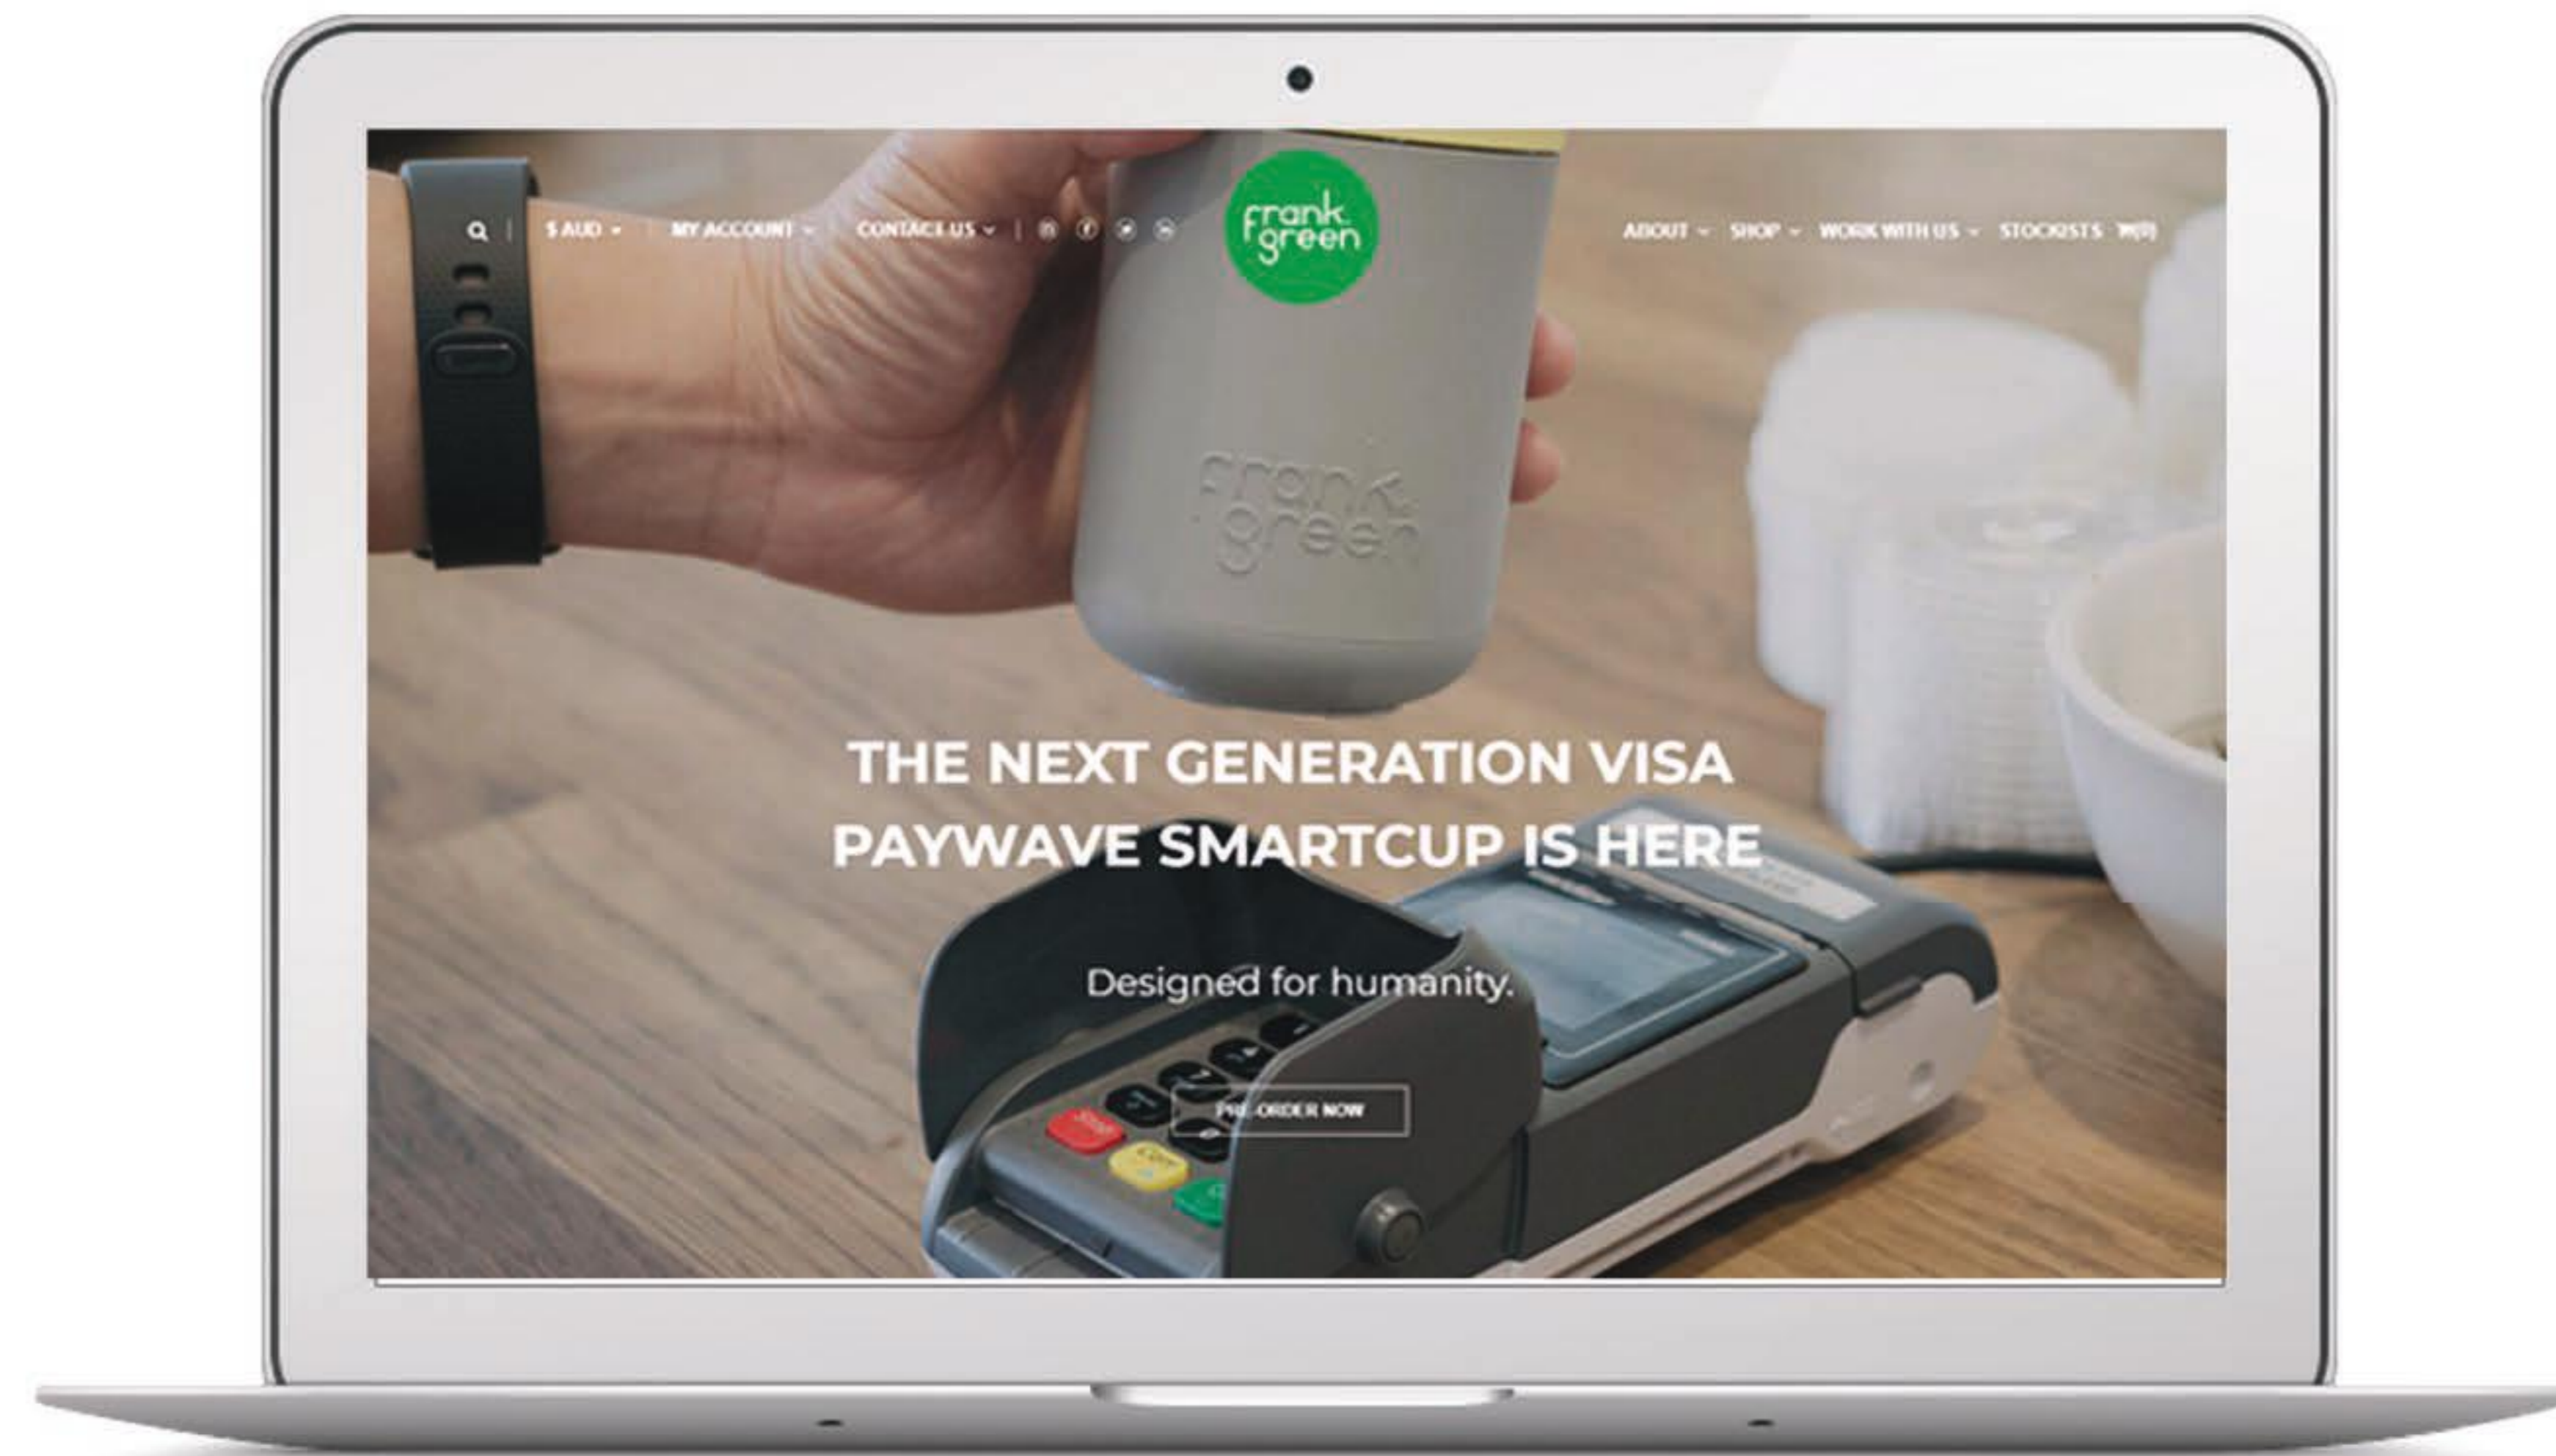

No. 1 eCommerce Website in Australia for reusable products.

At Frank Green, we want to change the way people think about reusable products. It's our mission to motivate them to live more sustainably and reduce unnecessary waste.

Our philosophy is to design innovative products that are stylish – because we believe everyday products can be beautiful – functional and good for the environment.

And we're passionate about supporting local industry. Everything we do is designed, engineered and made right here in Australia.

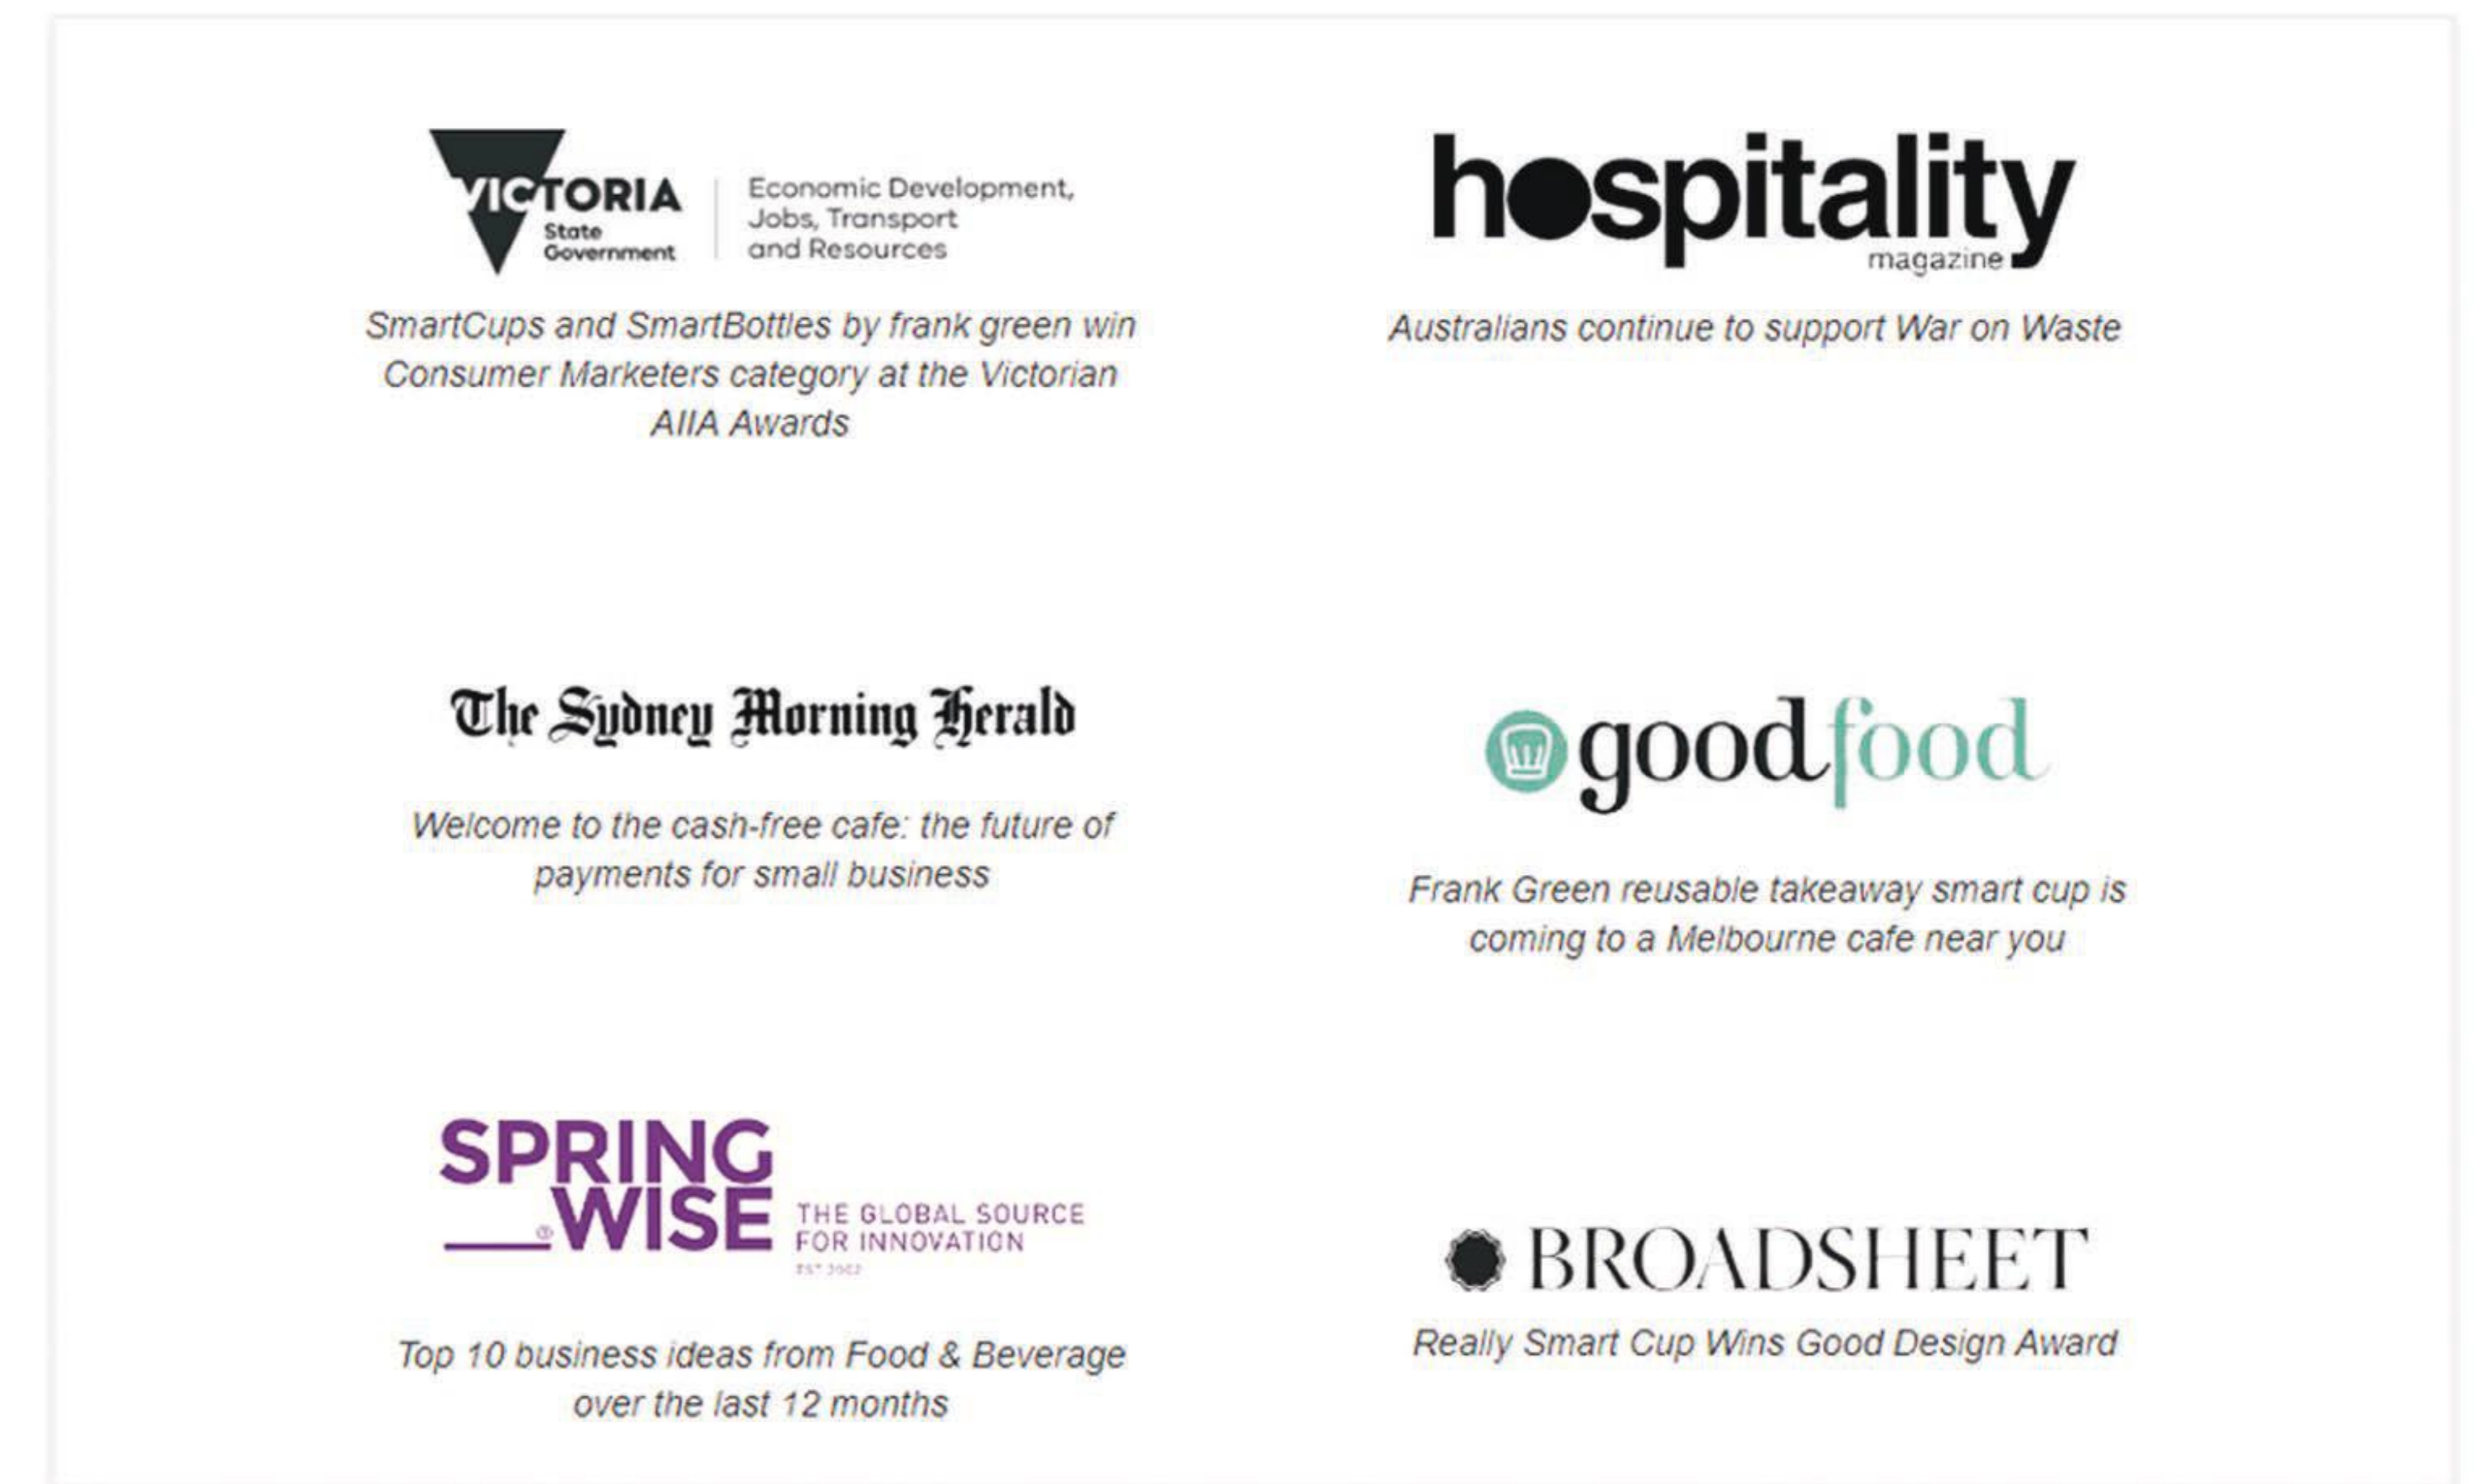

Our Role

- Website Development
- Magento Customisation
- Speed, Images, Server Cost Optimisation
- Plugin Development
- Multi Country Implementation
- Payment, Orders, Security Management

Awards (Best Design Award)

No one Can do better than EngineerBabu Team ! Very Professional. Quick to work. We were looking for team who can execute fast that's why we hired Startup rather going for Big Company.

We made right decision, It's been 7 months and we appreciate their work also support.They are not Big Team, but they are really a good team.
